This struggle yielded a wide-ranging and profound critique of postwar metropolitan development and its foundation of class and racial segregation.

American Babylon | Princeton University Press

Self also takes on the prevailing historiography of the Civil Rights narrative. Instead of charting a standard Southern-centric story that begins in 1954 and ends in 1965, he argues for a much longer history and a much more complex one in the West.In Oakland, black power politics rose as an outgrowth of much earlier efforts and encompassed a wide spectrum of responses rather than its oft ...

Self, American Babylon

American Babylon tells this story through Oakland and its nearby suburbs, tracing both the history of civil rights and black power politics as well as the history of suburbanization and home-owner politics. Robert Self shows that racial inequities in both New Deal and Great Society liberalism precipitated local struggles over land, jobs, taxes, and race within postwar metropolitan development.
