First published in 1983.

Literary Studies: A Practical Guide provides a comprehensive foundation for the study of English, American, and world literatures, giving students the critical skills they need to best develop and apply their knowledge. Designed for use in a range of literature courses, it begins by outlining the history of literary movements, enabling students to contextualize a given work within its cultural and historical moment. Specific focus is then given to the use of literary theory and the analysis of: Poetry Prose Fiction and novels Plays Films. A detailed unit provides clear and concise introductions to literary criticism and theory, encouraging students to nurture their unique insights into a range of texts with these critical tools. Finally, students are guided through the process of generating ideas for essays, considering the role of secondary criticism in their writing, and formulating literary arguments. This practical volume is an invaluable resource for students, providing them with the tools to succeed in any English course.

K. K. Ruthven looks at the impact of Marxism, structuralism, and post-structuralism on feminist critical practice.

Lively, original and highly readable, An Introduction to Literature, Criticism and Theory is the essential guide to literary studies. Starting at 'The Beginning' and concluding with 'The End', chapters range from the familiar, such as 'Character', 'Narrative' and 'The Author', to the more unusual, such as 'Secrets', 'Pleasure' and 'Ghosts'. Now in its fifth edition, Bennett and Royle's classic textbook successfully illuminates complex ideas by engaging directly with literary works, so that a reading of Jane Eyre opens up ways of thinking about racial difference, for example, while Chaucer, Raymond Chandler and Monty Python are all invoked in a discussion of literature and laughter. The fifth edition has been revised throughout and includes four new chapters - 'Feelings', 'Wounds', 'Body' and 'Love' - to incorporate exciting recent developments in literary studies. In addition to further reading sections at the end of each chapter, the book contains a comprehensive bibliography and a glossary of key literary terms. A breath of fresh air in a field that can often seem dry and dauntingly theoretical, this book will open the reader's eyes to the exhilarating possibilities of reading and studying literature.

How does literature work? And what does it mean? How does it relate to the world: to politics, to history, to the environment? How do we analyse and interpret a literary text, paying attention to its specific poetic and fictitious qualities? This wide-ranging introduction helps students to explore these and many other essential questions in the study of literature, criticism and theory. In a series of introductory chapters, leading international scholars present the fundamental topics of literary studies through conceptual definitions as well as interpretative readings of works familiar from a range of world literary traditions. In an easy-to-navigate format, Literature: An Introduction to Theory and Analysis covers such topics as: -Key definitions - from plot, character and style to genre, trope and author -Literature's relationship to the surrounding world - ethics, politics, gender and nature -Modes of literature and criticism - from books to performance, from creative to critical writing With annotated reading guides throughout and a glossary of major critical schools to help students when studying, revising and writing essays, this is an essential introduction and reference guide to the study of literature at all levels

In this second edition of Beginning Theory, the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism and the re-emerging Narratology.
