"0" is a revolutionary literary work written by a mysterious author known only as Existence - who prefers to be addressed as the numeric value of 1. This logic behind this strange, 0-1 juxtaposition becomes crystal clear as the reader and Existence (1) move through 13.8 billion years (and one trillionth of a second) of existential history. Many of life's most confusing situations and painful experiences are explained along with the mystery surrounding how something can emerge from nothing. After laying down some rather strict guidelines, Existence (1) takes the reader on a controversial journey back in time, to the time before time, where the preexistence of existence is detailed in reader-friendly terms. Science, religion, atheism, quantum theory, history, consciousness, good, evil, and many other human constructs fall under 1's merciless scalpel of truth as humanity's final chapter is revealed. Existence (1) has graciously provided our species with a single opportunity to change our destiny within the pages of this strange, unorthodox book. However, it is up to us to take heed because second chances cannot be offered to a nonexistent species. Learn how everything came to be, why you exist, your purpose in life, the reason for suffering, why life evolves, and the fate of humanity should we fail to change our polarized direction. If you have never been satisfied with the mainstream explanations for your existence, then "0 by 1" has an alternative that will blow you away! "Existence pushes forward. Existence takes chances. Existence evolves!" - 1

Structured as “a read-aloud book of poetry for adults who still act like petulant children”, Pandumbic! is a scathingly sarcastic, philosophical powerhouse book of humorous poetry that explores and illustrates a different aspect of the Covid-19 outbreak for each letter. The perfect selection for anyone with moderate to liberal beliefs about the events of 2020, it's the best way to gather up those last, stubborn Trump supporters you know for snack-and-story-time and explain it to them, page-by-page, like they're five years old.

Jill Haymaker brings you home to Peakview, Colorado where everyone has a chance at love. How did her relationship go so wrong? When NICOLE PHILLIPS COLE PHILLIPS flees San Francisco after her boyfriend's jealousy turns violent, she doesn't know where to go next. Out of a job and a place to live, she heads to the only place she feels safe-her childhood home in the tiny town of Peakview, nestled high in the Colorado Rockies. The one place she'd sworn to never live again. RICK BRADY was a skinny, nerdy kid, earning him the not-so-flattering nickname of Scarecrow in high school. He'd been glad to escape his reputation and leave Peakview behind. When his parents' health begins to fail, he returns to Peakview and opens his own veterinarian practice on their ranch. He's never really been in love, unless you count that crush he had on the most popular girl in school from kindergarten through senior year. Now fifteen
