USB adapter for Apple iPod/iPhone - An Apple iPod or iPhone can be integrated in the vehicle and charged using the USB adapter. Music collections stored on the device can then be played via the car's loudspeaker system. The system can be operated either via the iDrive Controller, multifunction buttons on the steering wheel or the radio.

This official solution from BMW will allow you to control your iPod from the multi function steering wheel MFSW. You need to assign 5 BMW playlists in iTunes which the interface will pick up. You then select the playlists by using the CD changer select button. Note: You will loose the use of your CD changer with this kit.
