Correlated to the New York and Common Core State Standards! Buckle Down has just what you need to stay in step with the Common Core State Standards—a groundbreaking change in our educational system. Our new series, Buckle Down to the Common Core, will ensure that every classroom is current, focused, and on track with the CCSS initiative! Lessons introduce key skills and use examples to walk students through the ELA concepts, step by step. You'll get both targeted review and extensive practice on open-ended questions.

The children at Napville Elementary School always ignore Officer Buckle's safety tips, until a police dog named Gloria accompanies him when he gives his safety speeches.

Ted and his friends are upset about an upcoming history test. He is nervous about getting a bad grade, and his friends have other priorities. When one friend sees the answer key, Ted is offered the chance to cheat but refuses. He gets a bad grade and is disappointed. Later that night, he get a mysterious text message asking him if he would like a do-over. He accepts and relives the same day, this time accepting his friends' offer to cheat. He scores better on the test, but will the cheating pay off in the long run?

Enrich your lessons with Buckle Down's concise review of U.S. And New York history, world history, geography, economics, civics, citizenship, and government. In a style that is highly engaging and thought-provoking, this student text will reinforce your curriculum and promote test success. You'll strengthen test-taking skills with student-friendly instruction and lots of practice. Open-ended items help students develop their critical-thinking skills by asking them to analyze an issue or question. Two separate practice tests are precisely modeled after the New York State Test to build test familiarity and reduce anxiety!100% aligned To The New York State Learning StandardsLessons cover interpreting maps, and extracting information from diagrams and tablesEnd-of-lesson exercises and "NYSS Practice" sections give students the opportunity to immediately apply new conceptsSidebars, tips, and highlighted key words throughoutTwo free practice tests include multiple-choice questions, short-answer items, and document-based questions

Mike, whose father is a brilliant mathematician but who has no math aptitude himself, spends the summer in rural Pennsylvania with his elderly and eccentric relatives Moo and Poppy, helping the townspeople raise money to adopt a Romanian orphan.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARRUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller Made to Stick. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In Switch, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. Switch shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.
