Procedures In Optometry

The teaching of optometry began with correspondence courses provided by lens and frame manufacturers. Today, optometric education consists of a postbaccalaureate educational program that includes much more than a study of physical and physiologic optics. It encompasses studies in basic and clinical sciences and engages in basic and clinical ...

CLINICAL PROCEDURES IN OPTOMETRY : Optometry and Vision ...

Clinical and Experimental Optometry,
2004 "Clinical procedures in primary eye
care (CP) is, in my opinion, an excellent
introductory text for all students studying
optometry, especially those in their
formative years as students. The authors
have done a sterling job in putting together
a text that introduces different
examination procedures, how to conduct
or perform the procedure.
