A pioneer in medical informatics, Slee warns that the impending nationwide conversion from one diagnosis coding system to another is merely another cliff in the plummeting quality of information in the medical industry. He details the forces that erode data quality and cause the loss of valuable clinical information, and poses solutions based on scientific principles, experience, and medical literature.

In 1996 the Institute of Medicine launched the Quality Chasm Series, a series of reports focused on assessing and improving the nation's quality of health care. Preventing Medication Errors is the newest volume in the series. Responding to the key messages in earlier volumes of the series—"To Err Is Human (2000), Crossing the Quality Chasm (2001), and Patient Safety (2004)"—this book sets forth an agenda for improving the safety of medication use. It begins by providing an overview of the system for drug development, regulation, distribution, and use. Preventing Medication Errors also examines the peer-reviewed literature

# Read PDF Daily Medication Log Template

on the incidence and the cost of medication errors and the effectiveness of error prevention strategies. Presenting data that will foster the reduction of medication errors, the book provides action agendas detailing the measures needed to improve the safety of medication use in both the short- and long-term. Patients, primary health care providers, health care organizations, purchasers of group health care, legislators, and those affiliated with providing medications and medication- related products and services will benefit from this guide to reducing medication errors.

Caregiving is inevitably fraught with complex issues emotional as well as medical, financial, and legal. The ABA/AARP Checklist for Family Caregivers by Sally Balch Hurme can help organize the responsibilities that caregivers face. In one place, you'll be able to record and update the myriad details you need to keep track of. And if you don't know where to start, this invaluable tool tells you, step by step, what you need and why. You can easily personalize the to-do lists, either in the book or electronically, and have them available for quick reference for your caregiving team family, friends, aides, and medical, financial, and legal professionals. This new book third in the Checklist series from AARP and the ABA will save you time and simplify the daunting tasks of caregiving. Hurme shows you how to become a trusted steward without losing your sanity. A companion to the PBS documentary (June 2015) and Amy Goyer's ABA/AARP Juggling Life, Work, and Caregiving."
