Finance is a notoriously  
difficult core subject for  
business undergraduates,  
which many find difficult to  
understand. The area has  
been dominated by large and  
complex introductory texts -  
often from the US - which

many lecturers find too detailed and unwieldy. This carefully developed and researched text will fill this gap by providing a succinct, modular, UK-focused introduction to the subject of financial management. Quality controlled by an academic review panel, the content and approach has been rigorously developed to answer the needs of non-finance students. The user-friendly features and design will be of great appeal to the many undergraduates who find finance a difficult subject. Examples, models, formulas, and exercises are lucidly and clearly
