An NBC Today Show Book Club Pick! *A Seventeen Magazine Best YA Book of 2018!* *A Kirkus Best YA Fantasy Book of the Year* *A We Need Diverse Books 2018 Must-Read* "Epic thrills, heart-punching romance, and a marvel of a hero" --Adam Silvera, New York Times-bestselling author of *They Both Die at the End* The people of Uztar have long looked to the sky with hope and wonder. Nothing in their world is more revered than the birds of prey and no one more honored than the falconers who call them to their fists. Brysen strives to be a great falconer—while his twin sister, Kylee, rejects her ancient gifts for the sport and wishes to be free of falconry. She ' s nearly made it out, too, but a war is rolling toward their home in the Six Villages, and no bird or falconer will be safe. Together the twins must journey into the treacherous mountains to trap the Ghost Eagle, the greatest of the Uztari birds and a solitary killer. Brysen goes for the boy he loves and the glory he's long craved, and Kylee to atone for her past and to protect her brother's future. But both are hunted by those who seek one thing: power. In this first young-adult fantasy novel in a trilogy, Alex London launches a soaring saga about the memories that haunt us, the histories that hunt us, and the bonds of blood between us.

In *Gold Wings Rising*, the final installment of Alex London's *Skybound Saga*, Kylee and Brysen must fight for their lives and their humanity. Book 1 was a Today Show Book Club Pick! The war on the ground has ended, but the war with the sky has just begun. After the Siege of the Six Villages, the ghost eagles have trapped Uztaris on both sides of the conflict. The villagers and Kartami alike hide in caves, huddled in terror as they await nightly attacks. Kylee aims to plunge her arrows into each and every ghost eagle; in her mind, killing the birds is the only way to unshackle the city ' s chains. But Brysen has other plans. While the humans fly familiar circles around each other, the ghost eagles create schemes far greater and more terrible than either Kylee or Brysen could have imagined. Now, the tug-of-war

between love and power begins to fray, threatening bonds of siblinghood and humanity alike.

In *Red Skies Falling*, Alex London's thrilling sequel to *Black Wings Beating*, the epic fantasy *Skybound Saga* continues as twins Kylee and Brysen are separated by the expanse of Uztar, but are preparing for the same war--or so they think. Kylee is ensconced in the Sky Castle, training with Mem Uku to master the Hollow Tongue and the Ghost Eagle. But political intrigue abounds and court drama seems to seep through the castle's stones like blood from a broken feather. Meanwhile, Brysen is still in the Six Villages, preparing for an attack by the Kartami. The Villages have become Uztar's first line of defense, and refugees are flooding in from the plains. But their arrival lays bare the villagers' darkest instincts. As Brysen navigates the growing turmoil, he must also grapple with a newfound gift, a burgeoning crush on a mysterious boy, and a shocking betrayal. The two will meet again on the battlefield, fighting the same war from different sides. But the Ghost Eagle has its own plans.

In a modern mega-city built around dragons, one boy gets caught up in the world of underground dragon battles and a high-stakes gang war that could tear his family apart. Once, dragons nearly drove themselves to extinction. But in the city of Drakopolis, humans domesticated them centuries ago. Now dragons haul the city's cargo, taxi its bustling people between skyscrapers, and advertise its wares in bright, neon displays. Most famously of all, the dragons battle. Different breeds take to the skies in nighttime bouts between the infamous kins—criminal gangs who rule through violence and intimidation. Abel has always loved dragons, but after a disastrous showing in his dragon rider's exam, he's destined never to fly one himself. All that changes the night his sister appears at his window, entrusting him with a secret...and a stolen dragon. Turns out, his big sister is a dragon thief! Too bad his older brother is a rising star in Drakopolis law enforcement... To protect his friends and his family, Abel must partner with the stolen beast, riding in kin battles and keeping more secrets than a dragon has scales. When everyone wants him fighting on their side, can Abel figure out what's worth fighting for?

Instant New York Times Bestseller A New York Times Notable Book of 2016 A Time Magazine Top 10 Novel of 2016 A Times Literary Supplement Best Book of 2016 “Dazzling . . . A profound novel about the claims of identity, history, family, and the burdens of a broken world.” —Maureen Corrigan, NPR's “Fresh Air” In the book of Genesis, when God calls out, “Abraham!” before ordering him to sacrifice his son, Isaac, Abraham responds, “Here I am.” Later, when Isaac calls out, “My father!” before asking him why there is no animal to slaughter, Abraham responds, “Here I am.” How do we fulfill our conflicting duties as father, husband, and son; wife and mother; child and adult? Jew and American? How can we claim our own identities when our lives are linked so closely to others'? These are the questions at the heart of Jonathan Safran Foer's first novel in eleven years—a work of extraordinary scope and heartbreaking intimacy. Unfolding over four tumultuous weeks in present-day Washington, D.C., *Here I Am* is the story of a fracturing family in a moment of crisis. As Jacob and Julia Bloch and their three sons are forced to confront the distances between the lives they think they want and the lives they are living, a catastrophic earthquake sets in motion a quickly escalating conflict in the Middle East. At stake is the meaning of home—and the fundamental question of how much aliveness one can bear. Showcasing the same high-energy inventiveness, hilarious irreverence, and emotional urgency that readers loved in his earlier work, *Here I Am* is Foer's most searching, hard-hitting, and grandly entertaining novel yet. It not only confirms Foer's stature as a dazzling literary talent but reveals a novelist who has fully come into his own as one of our most important writers.

A major new manifesto for the end of capitalism Neoliberalism isn ' t working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. *Inventing the Future* is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.
