only goes one

way. The average

American has a

lifespan of less

than 30,000

days. So how you

choose to live

matters. That's

the topic of

this book. I

don't pretend to

have all the

answers. I'm

still learning

every day, and many of the good ideas here I've picked up from other people either directly or by reading. But this is what's worked for me. Like life, this book is short. Many books I read could

Download File

PDF Life Is

Short And So

communicate
their ideas in
fewer pages. So
I've tried to be
brief in line
with the wise
person who
noted: "If I'd
had more time I
would have
written a
shorter letter".
I don't think
brevity implies

lack of content.
The concepts
here have
improved the

quality of my
life, and I hope
they're useful
to you as well.

Using these
concepts, I have
created a life I
love. My job
doesn't feel
like work. I

love and respect

the people with

whom I spend

time. And I'm

also passionate

about my life

outside work.

I've learned how

to create a

balance that

makes me happy

between work and

other interests,

including my

family, friends
and exercise.

Sadly I think
that's rare. And

yet, while I

know I'm lucky,
most people can
work towards

those goals in
their own lives.

My interest in
making the most
of my life began
when I was just

college, but
when I was in my
mid-thirties a
boss I admired
died of cancer.

He was young. He
had a great
wife; he had
three young
children; he had
a fantastic
career -- he had
everything in

didn't have
enough time. So,
while I'd often
thought about
how to get the
most out of
life, the death
of someone so
young and vital
increased my
sense of urgency
to act on it.

One of the

Page 50/96

things I've
always wanted to
do was to work
for myself. As a

result, I left

an exciting job

at Microsoft in

2001 amidst the

Internet bust to

found the

investing firm I

now run. It was

hard to do, both

financially and

emotionally. So

When I left
Microsoft, many
people –
friends, family,
and even some of
the press –
thought I was
deluding myself
to start a fund
focused on
Internet-related
companies during
a market crash.

easy to start.
