Position Pieces for Cello is designed to give students a logical and fun way to learn their way around the fingerboard. Each hand position is introduced with exercises called "Target Practice," "Geography Quiz," and "Names and Numbers." Following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position. In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these pieces (with names like "I Was a Teenage Monster," "The Irish Tenor," and "I've Got the Blues, Baby"), position study on the cello has never been so much fun!

Position Pieces for Cello, Book 2 fills the pedagogical gap between the first book of Position Pieces and the two Thumb Position for Cello books in that it covers the fifth, sixth, and seventh positions. Position Pieces for Cello, Book 2 systematically introduces ways to find the correct location of each position and also to understand the various finger patterns required. As with Mr. Mooney's other books, this is accomplished in an enjoyable and creative manner through the use of cello duets. With titles like "Surfing Cellos," "Jumping Plea," and "The Happy Certified Public Accountant," these pieces are really fun for students to play! This book will prove to be an indispensable tool for intermediate level cello students.

Double stops provide excellent learning material for the young and advancing cellist in this Rick Mooney book. More than 60 familiar folk songs-many in the Suzuki repertoire-help the student learn skills such as hearing intonation, shaping the hand correctly, shifting, extensions, and preparing for future repertoire.

This book from Rick Mooney features easy classical music as well as folk songs, fiddle tunes and Mooney originals composed to address specific technical points. A second cello part throughout promotes a student's ability to hear and play accurately.

Book 2 continues where Book 1 left off and includes classical music, folk tunes, and original pieces by Rick Mooney such as "Around the Gypsy Campfire," "Harry the Hirsute Housefly," "Petite Partita" and much more. As in Book 1, all of the pieces have been arranged as duets, with a second cello part for the teacher (or other students in a group class) to play.
