In his first complete text on the ADKAR model, Jeff Hiatt explains the origin of the model and explores what drives each building block of ADKAR. Learn how to build awareness, create desire, develop knowledge, foster ability and reinforce changes in your organization. The ADKAR Model is changing how we think about managing the people side of change, and provides a powerful foundation to help you succeed at change. After more than 14 years of research with corporate change, the

ADKAR model has emerged as a holistic approach that brings together the collection of change management work into a simple, results oriented model. This model ties together all aspects of change management including readiness assessments, sponsorship, communications, coaching, training and resistance management. All of these activities are placed into a framework that is oriented on the required phases for realizing change with individuals and the organization. The ADKAR perspective can help you develop a new lens through which to observe and influence change. You may be

working for change in your public school system or in a small city council. You may be sponsoring change in your department at work. You may be observing large changes that are being attempted at the highest levels of government or you may be leading an enterprise-wide change initiative. The perspective enabled by the ADKAR model allows you to view change in a new way. You can begin to see the barrier points and understand the levers that can move your changes forward. ADKAR allows you to understand why some changes succeed while others fail. Most importantly, ADKAR can help

The change management profession is no longer in its infancy. Readily identifiable in organizations and in business literature it is no longer reliant on parent disciplines such as organizational development or project management. Change management is itself in a state of change and growth - the number of jobs is increasing and organizations are actively seeking to build their change management capability.
