### Real Estate Risk - UBC Sauder School of Business

Real Estate Risk: A Forward Looking Approach  
We develop a forward-looking methodology to define and measure risk in real estate and to apply it to equity (private or public) and debt (private or public). Real Estate Risk - UBC Sauder School of Business All investments involve risk. In a sense, return on investment is, by definition, compensation for risk taken.

Lacking a futures contract, real estate still remains one asset, which is difficult to hedge in a proper fashion. It becomes the most illiquid asset in a recession and its value can become quite volatile. Perhaps the simplest means of hedging real estate, short of selling it, is simply to mortgage it to the hilt.
