A step-by-step guide for women to transforming your love life practically overnight.

Make Him Fall For You will give you the Rori Raye Tools For Love you need to instantly change your love life (yes - that fast) - no matter how frustrated and unhappy you may be feeling right now. If you're already receiving my free newsletters from [www.HaveTheRelationshipYouWant.com](http://www.HaveTheRelationshipYouWant.com) (if not - go get them now... ) - you may have read one - or perhaps even all - of the 16 Relationship Tools of the Week I've included in Make Him Fall For You. These 16 Tools are not only some of my favorites - they have a common theme: that Being is the way to get the love, romance and life-long commitment you want, instead of the Doing that we women have all been taught to rely on to get what we want. In love, it's our receiving, our feeling, our expressing, our just being that inspires and creates the powerful attraction we all truly hold for a man just because we're women. And we've all been taught to go against these most amazing of our powers - the depth of our emotions. Make Him Fall For You will shift your "vibe" from what feels to a man like the coldness of being in your head - to the warmth, passion, and intense, irresistible magnetism of being in your heart...and that's the fastest way to connect to HIS heart. He can feel this shift immediately, and - almost shockingly - will instinctively and concretely move closer to you. We are truly feminine energy "Sirens," and it's the intense, feminine energy we create with our feelings that will compel a man - perhaps YOUR man - to feel so intensely attracted to you he'll give up anything and everything - including his "freedom" - to be with you...forever. Make Him Fall For You will help you love yourself, sink into yourself, express yourself and draw a man to you - even the one you may be with right now. Relationships can turn around on a dime. I've seen it happen over and over...and it can happen for you, just the way it did for me. Be sure to let me know how Make Him Fall For You helps you... Love, Rori

Are you the pursuer or do you let men pursue YOU? The answer is the difference between you becoming a side toy for a man to play with or a girlfriend with a title and eventually a woman who any man would be eager to call his wife. Many of us modern 21st century women have been taught that in order to get a guy we have to go out there and snag him, trick him, tag him and drag him home. But that doesn't work -- at least not in the long run. Men are natural hunters. They won't always admit it, but they absolutely LOVE the chase. They want a woman who is interesting, confident and vocal. They want a woman who sets boundaries and keeps them on their toes. They want to earn a woman's love. This simple, easy-to-follow guide explains how you can shake off meaningless flings with men and start to attract men who are serious about you. What You'll Learn: \* How to avoid Friends with Benefits and Booty Calls \* How to recognize when a man is just toying with you \* Why men love bad girls and strippers \* The single most irresistible thing about a woman \* What makes a man fall in love, I mean head over heels for you Love Lynn

Learn the tools to shed your mask of extroversion, develop your own magnetism, and reveal the true you. One third to one half of Americans are introverts in a culture that celebrates—even enforces—an ideal of extroversion and a cult of personality. Political leaders are charismatic, celebrities bask in the spotlight, and authority figures are assertive. It is no surprise that a “ quiet revolution ” has begun to emerge among the “ invisible ” half of the population, asserting that they are just as powerful in their own unique ways. The Irresistible Introvert embodies the spirit of this revival and breaks down the myth that charisma is reserved for extroverts only. This mini manifesto shows introverts how to master the art of quiet magnetism in a noisy world—no gregariousness required! Within these pages, you ’ ll discover how to shed the mask of extroversion and reveal a more compelling (and authentic) you. You ’ ll also learn how to:

- Master the inner game of intrigue
- Manage your energy for optimal engagement
- Create an emotional ecosystem for charisma
- Establish introverted intimacy
- Cultivate communication skills for quiet types

As a “ professional ” charismatic introvert, author Michaela Chung demonstrates that you no longer have to forcefully push yourself outward into the world against your nature, but can rather magnetize people inward toward the true you. In the process, you ’ ll learn to embrace your “ innie life ” and discover potential you never knew you had.

Western culture has endlessly represented the ways in which love miraculously erupts in people ’ s lives, the mythical moment in which one knows someone is destined for us, the feverish waiting for a phone call or an email, the thrill that runs down our spine at the mere thought of him or her. Yet, a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love, where we fall out of love, when the one who kept us awake at night now leaves us indifferent, or when we hurry away from those who excited us a few months or even a few hours before. In *The End of Love*, Eva Illouz documents the multifarious ways in which relationships end. She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one ’ s will and choice, contemporary love has now become characterized by practices of non-choice, the freedom to withdraw from relationships. Illouz dubs this process by which relationships fade, evaporate, dissolve, and break down “ unloving. ” While sociology has classically focused on the formation of social bonds, *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve. Particularly striking is the role that capitalism plays in practices of non-choice and “ unloving. ” The unmaking of social bonds, she argues, is connected to contemporary capitalism which is characterized by practices of non-commitment and non-choice, practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties. Unloving and non-choice have in turn a profound impact on society and economics as they explain why people may be having fewer children, increasingly living alone, and having less sex. *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism.
