My favourite thing about Salvage the Bones is the way Ward weaves life and death so breathtakingly closely. The climax which Ward builds her novel around has to be read to be believed; the hurricane is the 'murderous mother who cut us to the bone but left us alive, left us naked and bewildered as newborn babies.'

Salvage the Bones Summary Ward's novel is divided into twelve chapters, each corresponding with a day either preceding, during, or following the strike of Hurricane Katrina. Esch, a 15-year-old girl living in the fictional Bois Sauvage, Mississippi, is the novel's first-person narrator.

At the heart of Jesmyn Ward's *Salvage the Bones* are two very different but parallel stories of new motherhood: that of the central protagonist, Esch, and that of China, Esch's brother Skeetah's prize fighting dog.

As *Salvage the Bones* progresses towards its climax—the arrival of Hurricane Katrina, the real-life category-five storm which devastated the Gulf Coast in 2005—and as the Batiste family desperately struggles to outwit the storm, Jesmyn Ward employs heavy dramatic irony to suggest that it is nature that controls humanity, not the other way around.

Winner of the National Book Award Jesmyn Ward, two-time National Book Award winner and author of *Sing, Unburied, Sing*, delivers a gritty but tender novel about family and poverty in the days leading up to Hurricane Katrina. A hurricane is building over the Gulf of Mexico, threatening the coastal town of Bois Sauvage, Mississippi, and Esch's father is growing concerned. A hard drinker, largely absent, he doesn't show concern for much else. Esch and her three brothers are stocking food, but there isn't much to save. Lately, Esch can't keep down what food she gets; she's fourteen and pregnant. Her brother Skeetah is sneaking scraps for his prized pitbull's new litter, dying one by one in the dirt. Meanwhile, brothers Randall and Junior try to stake their claim in a family long on child's play and short on parenting. As the twelve days that make up the novel's framework yield to their dramatic conclusion, this unforgettable family--motherless children sacrificing for one another as they can, protecting and nurturing where love is scarce--pulls itself up to face another day. Bones and Sing, Unburied, Sing—comprising a loose trilogy about small town southern family life. Described as “starkly beautiful” (Publishers Weekly, starred review), “fearless” (Essence), and “emotionally honest” (The Dallas Morning News), it was a finalist for the Hurston/Wright Legacy Award and the Virginia Commonwealth University Cabell First Novelist Award. Joshua and Christophe are twins, raised by a blind grandmother and a large extended family in rural Bois Sauvage, on Mississippi’s Gulf Coast. They’ve just finished high school and need to find jobs, but after Katrina, it’s not easy. Joshua gets work on the docks, but Christophe’s not so lucky and starts to sell drugs. Christophe’s downward spiral is accelerated first by crack, then by the reappearance of the twins’ parents: Cille, who left for a better job, and Sandman, a dangerous addict. Sandman taunts Christophe, eventually provoking a shocking confrontation that will ultimately damn or save both twins. Where the Line Bleeds takes place over the course of a single, life-changing summer. It is a delicate and closely observed portrait of fraternal love and strife, of the relentless grind of poverty, of the toll of addiction on a family, and of the bonds that can sustain or torment us. Bois Sauvage, based on Ward’s own hometown, is a character in its own right, as stiflingly hot and as rich with history as it is bereft of opportunity. Ward’s “lushly descriptive prose” and her prodigious talent and fearless portrayal of a world too often overlooked” (Essence) make this novel an essential addition to her incredible body of work.

'...And then we heard the rain falling, and that was the drops of blood falling; and when we came to get the crops, it was dead men that we reaped.' Harriet Tubman  
In five years, Jesmyn Ward lost five men in her life, to drugs, accidents, suicide, and the bad luck that can follow people who live in poverty, particularly black men. Dealing with these losses,

one after another, made Jesmyn ask the question: why? And as she began to write about the experience of living through all the dying, she realized the truth--and it took her breath away. Her brother and her friends all died because of who they were and where they were from, because they lived with a history of racism and economic struggle that fostered drug addiction and the dissolution of family and relationships. Jesmyn says the answer was so obvious she felt stupid for not seeing it. But it nagged at her until she knew she had to write about her community, to write their stories and her own. Jesmyn grew up in poverty in rural Mississippi. She writes powerfully about the pressures this brings, on the men who can do no right and the women who stand in for family in a society where the men are often absent. She bravely tells her story, revisiting the agonizing losses of her only brother and her friends. As the sole member of her family to leave home and pursue high education, she writes about this parallel American universe with the objectivity distance provides and the intimacy of utter familiarity.

In his barracks, Walter Burke is trying to write a letter to the parents of a fallen soldier, an Alabama man who died in a muddy rice paddy. But all he can think of is his childhood friend Lamar, the friend with whom he first experienced the fury of violence, on the streets of Birmingham, at the height of the Civil Rights Movement. The juxtaposition is so powerful—between war-torn Vietnam and terror-filled Birmingham—that he is drawn back to the summer that would see his transition from childish wonder at the world to his certain knowledge of his place in it. Walter and Lamar were always aware of the terms of segregation—the horrendous rules and stifling reality. Their paper route never took them to the white areas of town. But that year, everything exploded. And so did Walter's family. As the great

movement swelled around them, the Burkes faced tremendous obstacles of their own. From a tortured past lingered questions of faith, and a terrible family crisis found its climax as the city did the same. In the streets of Birmingham, ordinary citizens risked their lives to change America. And for Walter, the war was just beginning.

A revelatory, uplifting, and gorgeously illustrated meditation on dedication, hard work, and the power of perseverance from the beloved, New York Times bestselling, and two-time National Book Award-winning Jesmyn Ward. For Tulane University's 2018 commencement, Jesmyn Ward delivered a stirring speech about the value of hard work and the importance of respect for oneself and others. Speaking about the challenges she and her family overcame, Ward inspired everyone in the audience with her meditation on tenacity in the face of hardship. Ward's moving words will inspire readers as they prepare for the next chapter in their lives, whether, like Ward, they are the first in their families to graduate from college or are preceded by generations, or whether they are embarking on a different kind of journey later in life. Beautifully illustrated in full color by Gina Triplett, this gorgeous and profound book will charm a generation of students—and their parents. Ward's inimitable voice shines through as she shares her experience as a Southern black woman and addresses the themes of grit, adversity, and the importance of family bonds. *Navigate Your Stars* is a perfect gift for anyone in need of inspiration from the author of *Salvage the Bones*, *Men We Reaped*, and *Sing, Unburied, Sing*.

strangers while obsessing about her sister's death and hiding a growing rage. Original. 15,000 first printing.

A National Book Award Finalist, Sarah Shun-lien Bynum's enchanting and inventive first novel is a groundbreaking, contemporary classic. When a girl falls into a mysterious, impenetrable sleep, the borders between her provincial French village and the peculiar, beguiling realm of her dreams begin to disappear: A fat woman sprouts delicate wings and takes flight; a failed photographer stumbles into the role of pornographer; a beautiful young wife grows to resemble her husband's viol. Madeleine, the dreamer, travels in their midst, trying to make sense of her own metamorphosis. She leaves home, joins a gypsy circus, and falls into an unexpected triangle of desire and love. Embracing the earthy and the ethereal, the comical and the poignant, *Madeleine Is Sleeping* is part fairy tale, part coming-of-age story, and above all, an adventure in the discovery of art, sexuality, community, and the self.
