Smartboard Sb680 User Guide - modularscale.com

The Smarboard SB680 is a great touchboard. the multi-touch interface is very accurate and quick, easy to calibrate, and the bundled software is liked very much by the teachers. the

one issue we have with it is the touch element on the board goes out of calibration routinely once a month.. not sure if it is a bg in the software, but hopefully Smart can fix it. anyways.. this board is ideal with middle school and high school. if this is for elementary school or pre-school, i would recommedn ...
