The essays brought together in this volume pose the question: How are we to understand the proliferation of writing about child-murder in eighteenth- and nineteenth-century Britain, or, more specifically, the overlap of an expanding print culture with the widely evident narration of this particular crime? Further, what are we to make of the recurrent and remarkably consistent representation of child-murder as the special province of unmarried, desperate women? Writing *British Infanticide* demonstrates the ways that narratives of child-murder in eighteenth- and early nineteenth-century Britain reflect, and in certain ways elicit, complexity if not outright paradox: it was a capital crime for which most of those indicted received no punishment; a crime definitive of barbarity for which juries and many observing writers urged sympathy; a crime in which the consideration of alleged perpetrators' motivations repeatedly founders in an inability to understand the economic and the affective as related. So doing, it argues both for the role of "writing British infanticide" in an emergent professionalism dependent upon print and for the special utility of a focus upon child-murder to the evaluation of the mutual constitution of gender and class.

After a harrowing escape from the City's prison, new lovers Brenna and the Amazon Jesstin are thrown into a battle that will determine the fate of their entire world. While Brenna struggles to find her place in the clan and the love between her and Jess grows, Tristaine

is threatened with destruction when a crucial betrayal brings the City soldiers down upon the village. Brenna's emerging psychic gifts aid Jess and her warriors in a final bloody confrontation against the forces bent on destroying the Amazon way of life.

Jensen and Draffan look at the way machine readable devices that track our identities and purchases have infiltrated our lives and have come to define our culture.

What birth control method is most reliable? Can contraceptives protect me from AIDS? How can I choose the method that's best for me? Finding the answers to these and other questions about birth control can be tough. On the one hand, today's sexually active person has many contraceptive options. On the other hand, each option has pluses and minuses that must be weighed. For teenagers especially, asking questions about birth control can be awkward and difficult. Yet teenagers may be in greatest need of the facts. While there is no "right" method for everyone, *The Whole Truth About Contraception* is the right book for anyone making decisions about contraception--men and women, from teenagers to middle-agers. It illustrates male and female anatomy and explains how conception occurs. The book carefully describes the birth control methods available today: barrier (such as condoms and diaphragms), hormonal (the Pill and Norplant), intrauterine devices, surgical sterilization, and other approaches such as the "rhythm" method and breastfeeding as a contraceptive. For each method the authors discuss how well it prevents pregnancy, its potential effects on the user's health, and common problems. Illustrated "how to" sections are provided, and the authors comment on how each method typically affects sexual experience. The book also discusses how birth control products can be obtained and their cost. Precautions, tips on usage, and other features throughout the book will help each reader decide what type of contraception is best for his or her age, personal preferences, and situation in life. *The Whole Truth About Contraception* gives up-to-date information on new products, such as the female condom and the nonlatex male condom. The book provides details about contraception and sexually transmitted diseases, with an emphasis on AIDS. Also offered is an expanded discussion of "emergency" contraception, designed for use after unprotected sex. The book includes a full and factual discussion of abortion. Contraception may be the most important and deeply personal choice anyone has to make. This book provides the straight facts that will make the decision easier--and the results better for everyone.

Cain Casey is close to getting everything she wants. Her partner Emma is pregnant with their third child, her children are safe and happy, and her business is still thriving despite the FBI's vendetta. Life is perfect on the surface, but it's the underbelly that worries her. Her long-time enemy Juan Luis and his new partner, rogue agent

Anthony Curtis have disappeared; her cousin Muriel has gotten serious about Shelby Philips, the FBI agent in charge of the Casey surveillance team; and her business partner, Remi Jatibon, is facing trouble from her new love Dallas's secret past. While Cain struggles to defeat a new enemy—a woman who just may be her equal when it comes to destroying those who stand against her family—an unimaginable betrayal may bring Cain's charmed life to an end.

An out-of-work actor, Hercules Feltwright, stumbles into a job tutoring Willet Goody, the only child of a widow living in a large, lonely house. Willet quickly involves his tutor in the search to discover the truth about his father. The mystery unfolds with the discovery of hidden treasure, a gypsy séance, and the frightening exploration of the tomb of Midas Goody.

A cross between Henry Beard's *Latin for All Occasions* and Ben Schott's *Schott's Original Miscellany*, *JUST SAY NU* is a practical guide to using Yiddish words and expressions in day-to-day situations. Along with enough grammar to enable readers to put together a comprehensible sentence and avoid embarrassing mistakes, Wex also explains the five most useful Yiddish words—shoyn, nu, epes, takeh, and nebakh—what they mean, how and when to use them, and how they can be used to conduct an entire conversation without anybody ever suspecting that the reader doesn't have the vaguest idea of what anyone is actually saying. Readers will learn how to shmooze their way through such activities as meeting and greeting; eating and drinking; praising and finding fault; maintaining personal hygiene; going to the doctor; driving; parenting; getting horoscopes; committing crimes; going to singles bars; having sex; talking politics and talking trash. Now that Stephen Colbert, a Catholic from South Carolina and host of the "Colbert Report," is using Yiddish to wish viewers a bright and happy Chanukah, people have finally started to realize that there's nothing in the world that can't be improved by translating it into Yiddish. Wex's *JUST SAY NU* is the book that's going to show them how.

A Japanese American girl grows creatively and, with perseverance, masters the art of making an origami butterfly. Includes instructions.
