Arthur Machen (1863 – 1947) was a Welsh author and renowned mystic during the 1890s and early 20th century who garnered literary acclaim for his contributions to the supernatural, horror, and fantasy fiction genres. His seminal novella "The Great God Pan" (1890) has become a classic of horror fiction, with Stephen King describing it as one of the best horror stories written in the English language. Other notable fans of his gruesome tales include William Butler Yeats and Arthur Conan Doyle; and his work has been compared to that of Robert Louis Stevenson, Bram Stoker, and Oscar Wilde. "The White People" is a decidedly Lovecraftian supernatural short story presented in the form of a young girl's diary, within which she recounts her increasingly profound experiments with witchcraft. A fantastic example of classic supernatural fiction, Machan's "The White People" is not to be missed by lovers of the genre and collectors of classic macabre literature. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

In this volume T.E.D. Klein reveals his skill as an essayist and reviewer, covering a remarkably wide range of topics with elegance and wit.

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." --H. P. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes--dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness--have earned him a permanent place in the history of the macabre. In Tales of the Cthulhu Mythos, a pantheon of horror and fantasy's finest authors pay tribute to the master of the macabre with a collection of original stories set in the fearsome Lovecraft tradition: , The Call of Cthulhu by H. P. Lovecraft: The slumbering monster-gods return to the world of mortals. , Notebook Found in a Deserted House by Robert Bloch: A lone farmboy chronicles his last stand against a hungering backwoods evil. , Cold Print by Ramsey Campbell: An avid reader of forbidden books finds a treasure trove of deadly volumes--available for a bloodcurdling price. , The Freshman by Philip José Farmer: A student of the black arts receives an education in horror at notorious Miskatonic University. PLUS EIGHTEEN MORE SPINE-TINGLING TALES!

Lauded by critics yet largely unappreciated by fans of horror and "weird fiction," T.E.D. Klein is considered one of the great horror writers, despite his scant body of work. His prose blends the mundane and the supernatural, conjuring the monstrous and the malign with accessible but charged discourse that breaks with the formulaic entries in the genre. Exploring a range of topics from religious fundamentalism and right wing extremism to fashionable pessimism and the rise of "digital humanities," the author argues that Klein's work is a prime example of what he terms "critical horror," a distinct subgenre that entertains while questioning individual and cultural complacency.

Thirty years on the beat in Montreal's teeming immigrant district have caused Lieutenant La Pointe to develop a tough brand of rough justice that finally fails him as he confronts the realities of a police force and a justice system that has dramatically evolved over the years. "A gripping and unsettling new novel by the award-winning author of The Loney that asks how much we owe to tradition, and how far we will go to preserve it"--

THE STORY: The home of the Blackwoods near a Vermont village is a lonely, ominous abode, and Constance, the young mistress of the place, can't go out of the house without being insulted and stoned by the villagers. They have also composed a nasty s
