Amy Huntley says that a colleague's musings were the spark that inspired The Everafter: "I've always had a tendency to attach myself to the objects of my life, so when one of my friends said something like, 'Wouldn't it be funny if all those things you lost turned up after you were dead, just when you didn't need them anymore?' it got me thinking. But I wanted to believe there would be a purpose to their reappearance.

The Everafter by Amy Huntley I'm dead. Not my-parents-told-me-to-be-home-by-twelve-and-it's-two-o'clock-now dead. Just dead. Literally. I think. I can't feel a body anymore. No hunger--not even a stomach. No fingers to wiggle, no feet to tap. So I pretty much have to assume that I'm. . .gone?

Madison Stanton doesn't know where she is or how she got there. But she does know this—she is dead. And alone, in a vast, dark space. The only company she has in this place are luminescent objects that turn out to be all the things Maddy lost while she was alive. And soon she discovers that with these artifacts, she can reexperience—and sometimes even change—moments from her life. Her first kiss. A trip to Disney World. Her sister's wedding. A disastrous sleepover. In reliving these moments, Maddy learns illuminating and sometimes frightening truths about her life—and death.

Passion, romance, drama, humor, and tragedy intertwine in this compulsively readable Hamlet retelling, from the perspective of a strong-willed, modern-day Ophelia. Meet Ophelia, high school senior, daughter of the Danish king's most trusted adviser, and longtime girlfriend of Prince Hamlet of Denmark. She lives a glamorous life and has a royal social circle, and her beautiful face is splashed across magazines and television screens. But it comes with a price--her life is ruled not only by Hamlet's fame and his overbearing royal family but also by the paparazzi who hound them wherever they go. After the sudden and suspicious death of his father, the king, the devastatingly handsome Hamlet spirals dangerously toward madness, and Ophelia finds herself torn, with no one to turn to. All Ophelia wants is to live a normal life. But when you date a prince, you have to play your part. Ophelia rides out this crazy roller coaster life, and lives to tell her story in live television interviews.

The romantic companion to *My Life Next Door*--great for fans of Sarah Dessen and Jenny Han. With bonus Jase and Samantha content in the paperback! Tim Mason was The Boy Most Likely To find the liquor cabinet blindfolded, need a liver transplant, and drive his car into a house Alice Garrett was The Girl Most Likely To . . . well, not date her little brother's baggage-burdened best friend, for starters. For Tim, it wouldn't be smart to fall for Alice. For Alice, nothing could be scarier than falling for Tim. But Tim has never been known for making the smart choice, and Alice is starting to wonder if the "smart" choice is always the right one. When these two crash into each other, they crash hard. Told in Tim's and Alice's distinctive, disarming, entirely compelling voices, this novel is for readers of *The Spectacular Now*, Nick and Norah's Infinite Playlist, and *Paper Towns*.

For readers of Marieke Nijkamp's *This Is Where It Ends*, a powerful and timely contemporary classic about the aftermath of a school shooting. Five months ago, Valerie Leftman's boyfriend, Nick, opened fire on their school cafeteria. Shot trying to stop him, Valerie inadvertently saved the life of a classmate, but was implicated in the shootings because of the list she helped create. A list of people and things she and Nick hated. The list he used to pick his targets. Now, after a summer of seclusion, Val is forced to confront her guilt as she returns to school to complete her senior year. Haunted by the memory of the boyfriend she still loves and navigating rocky relationships with her family, former friends, and the girl whose life she saved, Val must come to grips with the tragedy that took place and her role in it, in order to make amends and move on with her life. Jennifer Brown's critically acclaimed novel now includes the bonus novella *Say Something*, another arresting Hate List story.

Cosmically fast-paced, wildly imaginative, and with *City of Lost Dreams*—the bewitching sequel—on shelves now, *City of Dark Magic* is the perfect potion of magic and suspense. Once a city of enormous wealth and culture, Prague was home to emperors, alchemists, astronomers, and, as it 's whispered, hell portals. When music student Sarah Weston lands a summer job at Prague Castle cataloging Beethoven 's manuscripts, she has no idea how dangerous her life is about to become. Prague is a threshold, Sarah is warned, and it is steeped in blood. Soon after Sarah arrives, strange things begin to happen. She learns that her mentor, who was working at the castle, may not have committed suicide after all. Could his cryptic notes be warnings? As Sarah parses his clues about Beethoven 's "Immortal Beloved," she manages to get arrested, to have tantric sex in a public fountain, and to discover a time-warping drug. She also catches the attention of a four-hundred-year-old dwarf, the handsome Prince Max, and a powerful U.S. senator with secrets she will do anything to hide. And the story continues in *City of Lost Dreams*, the mesmerizing sequel, which finds Sarah in the heart of Vienna, embroiled in a new web of mystical secrets and treacherous lies.

Maybe Mab was real. Maybe not. Maybe Mab was the fury. Maybe she was the courage. Maybe later on she was the sex . . . A tiny fairy winging her way through the jasmine-scented L.A. night. A little girl caught in a grown-up glitz-and-glitter world of superstars and supermodels. A too beautiful boy with a secret he can never share . . . From the author of *Weetzie Bat* comes a magical, mesmerizing tale of transformation. This is the story of Barbie Marks, who dreams of being the one behind the Cyclops eye of the camera, not the voiceless one in front of it; who longs to run away to New York City where she can be herself, not some barley flesh-and-blood version of the plastic doll she was named after. It is the story of Griffin Tyler, whose androgynous beauty hides the dark pain he holds inside. And finally it is the story of Mab, a pinkie-sized, magenta-haired, straight-talking fairy, who may or may not be real but who helps Barbie and Griffin uncover the strength beneath the pain, and who teaches that love—like a sparkling web of light spinning around our bodies and our souls—is what can heal even the deepest scars.

In the wake of a devastating disease, everyone sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over—the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, *The Enemy* is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

Set against the backdrop of gathering war, *A Song for Summer* is an unforgettable love story from master storyteller Eva Ibbotson, with an introduction from Ella Risbridger. When Ellen Carr abandons grey, dreary London to become housekeeper at an experimental school in Austria, she soon knows she's found her calling. Swept into an idyllic world of mountains, music, eccentric teachers and wayward children, Ellen brings order and joy to all around her. But it's the handsome, mysterious gardener, Marek, who intrigues her — Marek, who has a dangerous secret. As Hitler's troops march across Europe, Ellen finds she has promises to keep, even if it means sacrificing her future happiness . . . 'I have binged on Eva Ibbotson . . . her elegantly written, witty and well-observed fables' Nigella Lawson, *The Times*

Connor and Izzy, two teens who met at a summer art camp in the Pacific Northwest where they were counsellors, share a series of emails in which they confide in one another, eventually causing Connor to become worried when he realizes that Izzy's emotional highs and lows are too extreme.

Heart attacks happen to other people #thingsIthoughtweretrue When Morgan's mom gets sick, it's hard not to panic. Without her mother, she would have no one—until she finds out the dad who walked out on her as a baby isn't as far away as she thought... Adam is a stuck-up, uptight jerk #thingsIthoughtweretrue Now that they have a summer job together, Morgan's getting to know the real Adam, and he's actually pretty sweet...in a nerdy-hot kind of way. He even offers to go with her to find her dad. Road trip, anyone? 5000 Twitter followers are all the friends I need #thingsIthoughtweretrue With Adam in the back seat, a hyper chatterbox named Amy behind the wheel, and plenty of Cheetos to fuel their trip, Morgan feels ready for anything. She's not expecting a flat tire, a missed ferry, a fake girlfriend...and that these two people she barely knew before the summer started will become the people she can't imagine living without.
