A practical and information-packed guide for purchasing and raising pet rabbits So, you're thinking about buying or adopting a pet rabbit. Wonderful! Or maybe you've already brought a fuzzy bundle of joy home and you're realizing you could use a little guidance. Rabbits are adorable and soft and fun, but they also require a fair amount of work and knowledge to make sure they're living a happy, healthy life. With the right approach, you will soon discover that your new pet rabbit can become your best pet ever. With time, attention, and patience, a deep bond can develop and you will be friends "forever." Raising Happy Rabbits will help you choose the right kind of rabbit for your home (if you haven't already picked one), and answer your questions about housing, litter training, proper feeding, exercise, freedom, grooming, potential illnesses, playtime activities, what is normal/abnormal behavior, and much more. Learn all about: Finding a vet Choosing an appropriate cage Pellets, hay, and fresh foods Growing herbs and lettuces for your bunny Toys to keep your rabbit engaged Illnesses to watch for And more! Make your first year with your bunny a fun and fulfilling experience that will bond you and your new rabbit for life.

The Merck Manual Go-To Home Guide for Symptoms takes complex medical information and makes it easy to understand and accessible to an everyday audience. It covers a wide range of everyday symptoms, from abdominal pain to wheezing, and almost everything in between. Every section provides a comprehensive look at each symptom's Causes: both common and less-common, Evaluation: warning signs, when to see a doctor, what the doctor does, and testing, Treatment: a wide-array of options, and Key points: the most important information about the symptom. It also includes helpful tables and illustrations. Organized in a (2- color, 500 page) paperback format makes it easy for busy families to quickly find the information they need. Symptoms covered include: Back Pain, Cough, Fatigue, Fever, Headache, Heartburn, Itching, Joint Pain, Nausea, Swelling and many more...
