This final book of the Moth saga sees the end to the war between light and day. Overall, it was a decent conclusion to the Moth story line. It had a bit more depth, action, and excitement than the last book. There were a few surprises, some better developed cultures, some strong characters, and some better stakes.

Inside, storytellers from around the world share times when, in the face of seemingly impossible situations, they found moments of beauty, wonder, and clarity that shed light on their lives and helped them find a path forward. From a fifteen-year-old saving a life in Chicago to a mother of triplets trekking to the North Pole to a ninety-year-old Russian man recalling his standoff with the KGB, these storytellers attest to the variety and richness of the human experience, and the shared threads that connect us all. With honesty and humor, they stare down their fear, embrace uncertainty, and encourage us all to be more authentic, vulnerable, and alive.

Throughout the Scriptures, God is identified as the Creator. He is the One “who created the heavens (He is the God who formed the earth and made it, He established it.” (Isa 45:18) He is the One “who forms mountains and creates the wind” (Am 4:13) and is the One “who made the heaven and the earth and the sea, and all that is in them.” (Ac 4:24; 14:15; 17:24) “God . . . created all things.” (Eph. 3:9) Jesus Christ tells us that it is the Father who “created them [humans] from the beginning made them male and female.” (Matt. 19:4; Mark 10:6) Hence, the Father is fittingly and uniquely called “the Creator.” (Isa 40:28) It is because of God’s will that we exist, for He has ‘created all things, and because of his will they existed and were created.’—Revelations 4:11. The Bible is loaded with thousands of what the Bible critic calls errors, mistakes and contradictions, including and especially the creation account itself. However, these are nothing more than difficult, challenging passages, many of which become obstacles in the

development of our faith. These difficulties arise out of differences in culture, language, religious and political organizations, not to mention between 2,000 to 3,500 years of separation between the Bible author and the modern day reader. Calling attention to these difficulties and sifting out the misconceptions, Andrews defends the full inerrancy of the Bible, clarifies the so-called errors and what might seem like apparent contradictions. He arms the Christian with what he or she needs to defend their faith in the Bible.

Adam Deveril, a hero of Salamanca, returns from the Peninsula War to find his family on the brink of ruin and the broad acres of his ancestral home mortgaged to the hilt.

For some, religious people who think and act irrationally can be confounding, while for others, unbelievers who don't see the reality of God are just as baffling. C. M. Blakeson, an agnostic who grew up living a fundamentalist lifestyle in Kansas, explores both perspectives in this candid memoir. From his initial journey to Jesus to his deepening belief in fundamentalist Pentecostalism, he explores how religion affected his thoughts on love and life. With God rooted as such a reality for him, he never imagined he'd one day become an agnostic--or how happy he'd be to reach such nonreligious enlightenment. Now he seeks to battle misconceptions about agnosticism. Get the true definition of agnosticism, learn how to break free from spiritual bondage, and join Blakeson as he seeks to understand various religions. If you've ever pondered

what goes through the minds of fundamentalists, or if you're a religious person who wonders why your best friend left the faith, *Spiritual Confessions* of an Agnostic seeks to help you find answers.
