Welcome to the City Unspoken, where Gods and Mortals come to die. Contrary to popular wisdom, death is not the end, nor is it a passage to some transcendent afterlife. Those who die merely awake as themselves on one of a million worlds, where they are fated to live until they die again, and wake up somewhere new. All are born only once, but die many times . . . until they come at last to the City Unspoken, where the gateway to True Death can be found. Wayfarers and pilgrims are drawn to the City, which is home to murderous aristocrats, disguised gods and goddesses, a sadistic faerie princess, immortal prostitutes and queens, a captive angel, gangs of feral Death Boys and Charnel Girls . . . and one very confused New Yorker. Late of Manhattan, Cooper finds himself in a City that is not what it once was. The gateway to True Death is failing, so that the City is becoming overrun by the Dying, who clot its byzantine streets and alleys . . . and a spreading madness threatens to engulf the entire metaverse. High above the earth orbits the starship Basilica. On board the huge vessel is a sleeping woman. Of those who made the journey, Shedemai alone has survived the hundred of years since the Children of Wetchik returned to Earth. She now wears the Cloak of the Starmaster, and the Oversoul wakes her sometimes to watch over her descendants on the planet below. The population has grown rapidly--there are cities and nations now, whole peoples descended from the who followed Nafai or Elemak. But in all the long years of watching and searching, the Oversoul has not found the thing it sought. It has not found the Keeper of the Earth, the central intelligence that also can repair the Oversoul's damaged programming.

Many generations ago was destroyed the arctic stronghold of Drauglir. Five hundred years later, rumours spread of the evil demigod's second coming, with terrible consequences for the world of Lindormyn. In the remote northern town of Nordwas a ramshackle group is assembled by the ambitious warrior Nibulus, under the guidance of a mage-priest, to set off on the long and perilous journey back to Melhus to ensure that Drauglir is properly despatched this time round. This quest includes two foreign mercenaries, three bickering priests, a young esquire . . . and, last but not least, Bolldhe the unsociable 'wanderer'. Their eventful progress through a desolate terrain embroils them regularly with a wide array of races, creatures, giants and sorcerers - and with terrifying adventures which will affect each of them differently.

that lead between. But tonight, one Sleepwalker has gone rogue. Abandoning her sworn oath to protect the dreamscapes, she has devoted herself to another cause, threatening to unleash a nightmare older than man. The only chance of stopping her lies with a man named Manderlay. Once a feted musician, William Manderlay is living his twilight years in an Edinburgh care home, riddled with arthritis and filled with a longing for his youth, for the open seas, and for the lost use of his hands and the violin he has always treasured. For too long now, Manderlay's nights have been coloured by dark, corrupted dreams: dreams of leprous men in landscapes plucked from his memory, of dark figures seeking him on city streets. His comrades in the retirement home believe Manderlay is giving in to age and senility - but the truth is much worse. For in dreams, maps are made from music - and it just might be that one of William Manderlay's forgotten compositions holds the key to unleashing the nightmare that holds the world of dreams in balance. The Sleepwalkers are zoning in on him. He might be their saviour, or his music might be their damnation... From the acclaimed author of *Dark Star* comes a literary fantasy like no other.
